

April 2010

Bench Project

The agenda for Synergo Arts' next 3-weeks on-site in Guatemala includes:

- 1) guiding the launch of the next [bench-making](#) site;
- 2) assessing the project in the Lake Atitlan region;
- 3) networking to increase weavers' access to local microfinance and training.

The Ergonomics Cycle of Benefits
(c) 2008 Synergo Arts

To ensure the success of our on-site work, we need to raise an additional \$675.00 by the end of May. Can you help? Every donation *makes a difference*; it all adds up! [Contributions can be made online](#) or by mailing a check to the address below.

"Fibers Through Time"

Synergo Arts participated in a biannual conference of the Arizona Federation of Weavers and Spinners Guilds this month in Phoenix where, I am grateful to report, two people offered to help with projects (yea!), and several asked us to develop educational programs for their organization.
